RESOLUTIONS.

RESOLUTIONS OF GRATITUDE TO BISHOP C. D. FOSS, D. D., L. L. D.

The Gulf Mission Conference is now closing one of the best sessions in its history, and in view of the fact that our field is enlarged and greatly strengthened, our hearts are made glad by the evident manifestations of God's favor on our work. Our Conference embraces a large, valuable and rapidly developing section of our Southland. A stream of immigration is constantly pouring into our territory and the Methodist Episcopal Church is without doubt to be a great factor in the evangelization of these masses.

Therefore, as a Conference, we unanimously, thus express our gratitude to our beloved Bishop C. D. Foss for the increased Missionary appropriations granted us, largely through his influence. And his interest in this new, but important field has put new vigor and life into our work.

And further, as a Conference, we devoutly pray that his health and usefulness may long be continued to our beloved Church, and trust that his interest in us and in our work may continue until the Gulf Mission Conference will measure up to its opportunities.

Therefore we respectfully urge Bishop Foss to use his influence in securing for us an increased Missionary appropriation of Two Thousand dollars, to enable us to enter new fields and sufficiently occupy the fields already possessed.

WM. R. CHASE,
J. W. LIVELY.

REPORT ON MISSIONS.

This is the Golden Age of the Modern Church, the wonderful era of Missions. Never was there such an opportunity to reach the heathen world. Never had Jesus so many and such precious works and workers in the heathen fields. The Church is rising to her call and opportunity. Our own Church is forging ahead in men and money. Our little Conference is rising in missionary power. Missionary money is the most precious of all material values. We should make and save and send it as if our Salvation depended upon it. Let us gather it as Manna from the skies, lying all about us.

Your committee recommend that our pastors put the children to work at the first of the year raising mission money on Willing Worker Cards, and that every one of the Churches purchase the new Missionary Map of our Church for \$3.00 and put it in the Church as a constant object lesson on missions.

Respectfully submitted,

JOHN T. JAMES, Chairman.

CHURCH EXTENSION.

From its inception in 1865, to October 31st., 1902, the work of the Board of Church Extension is indeed gratifying to all who make a study of its work, which can be easily and quickly done in the Official Journal of the Board,—“Christianity in Earnest.” The totals of the work of the Board gives us the gratifying result of \$7,748,781.24 as the net receipts

on both General and Loan Funds, with 12,356 churches aided and 3,750,000 sittings provided.

The receipts for the fiscal year closing with October 31st. 1903, is indeed gratifying. This shows a total amount received of \$619,026.78, of which \$155,677.92 represents the amount of principal of loans returned, which is the largest receipt on this item in the history of the work.

Churches of our Conference have received aid, which has made possible the gratifying results from our work in this wide and needy field. In this connection we rejoice in that debts of \$450.00 on the Welsh, and \$152.00 on Lake Charles Churches have been paid.

The importance of our attitude to the claims of the Church Extension Board is only exceeded by that of the Missionary Society; indeed, the work of the two go together hand in hand, which should awaken us to do our duty by it, at least in proportion to that of the Missionary Society, which is four to one in favor of the latter.

Our Conference is asked to raise \$225, which gives us \$700 under a definite provision of the Disciplines fixed from year to year by the General Committee.

The amount of aid granted will depend on the amount collected, which rule cannot be changed.

This should move us to diligence that we may bring up at least the amount asked and if possible go beyond it.

To aid us in this, CHRISTIANITY IN EARNEST and GLAD TIDINGS should be used as advocates to our people till they see the question in its proper light, and come to our help. If we fail or allow this move to languish; surely we shall be without excuse. We recommend for adoption the following resolutions:

1.—We heartily congratulate the Board of Church Extension on the success of its move through a period of thirty-three years, and for the gratifying advances made last year.

2.—That we urgently commend our Conference to the Board as a needy and promising field, the fostering of which cannot but bring unprecedented returns.

3.—That our Presiding Elders be requested to apportion with care the full amount asked for Church Extension, to the several pastoral charges, and that we, as pastors availing ourselves of the helps provided by the Board, will present this cause in all our Churches, and endeavor to secure, at least, the amount asked for in accordance with the plan of Discipline.

Respectfully Submitted,

HY. H. MCCAIN,

F. D. VAN VALKENBURG.

SABBATH OBSERVANCES.

The Lord Himself hath said: "To obey is better than sacrifice and to harken than the fat of rams." Having created man God knows the best thing for his creatures, and therefore in man's primitive state God has commanded him to keep His Sabbath holy. This Commandment is just as binding today as it was then. God witnesses this by showering down his blessing upon his people on that day and prospering that individual, community, state or nation which keeps this day with a holy reverence before Him. The observance of the Sabbath is a special means appointed by God for the cultivation of suitable dispositions and conditions of heart and mind, as well as a day of rest. We regard every form of Sabbath desecration as destructive to vigorous growth in Christian life and character, and injurious to the individual and society and antagonistic to the Church and offensive to God. Since in this rice growing section there is a great temptation on the part of our members to run their pumps on that day, and since the railroads usually give their annual excursions so that one must travel

on Sunday, and other various forms of Sabbath desecration known to all, we recommend that our preachers use at least two Sabbath morning services during the year, to preach directly on Sabbath observances and urge that the young people be present.

J. R. BASKET,
G. B. HINES.

STATE OF THE CHURCH.

We rejoice in the success of the past year as manifested in the reports. God has sent showers of blessings to many neighborhoods through our pastors, and revivals have been general. Our membership shows no evidence of falling away, but on the contrary, a general increase. Doors are being opened to us over the whole territory. In the coming year we shall need no less heroic labor on the part of our pastors, official boards and membership.

C. W. CAMPBELL,
W. C. MANN,

FREEDMAN'S AID AND SOUTHERN EDUCATION.

The Freedman's Aid and Southern Education Society has accomplished a work in this great Southland, which good men and holy angels, yea, we believe the Divine Father is pleased with.

Forty-three schools of high grade for white and colored people, valued at \$2,160,200, planted by this society, are employing nearly five hundred Christian teachers.

Ten thousand and sixteen students were in these schools last year. Two thousand, nine hundred in the Industrial departments, four hundred and eighty-four preparing for the Ministry, five hundred and forty-one Medical students, eight hundred and sixty-nine preparing to teach.

A wonderful work indeed. Yet, great as this is, what has been done is but the beginning of what needs to be done, hence the call for more earnest and united effort on the part of the whole Church to furnish the means necessary to carry on this gigantic work.

The Society asks this Conference to raise the coming year \$100. We recommend that this amount be apportioned to the charges of the Conference in the usual way.

The Society asks the Church to raise a thank offering of \$100,000 to be applied on its debts. We recommend that each pastor be urged to raise what they can above the amount (apportioned to meet the \$100) to apply on this fund.

The Society ought to build a school for the white people at some central point in the Gulf Mission Conference.

The time has come when we as a Conference feel it must be done, and we take this method of calling attention of the Board to the fact. We recommend that "Lincoln's birthday" be observed by all our pastors, as our Freedman's Aid and Southern Education day.

C. A. KING.

SUNDAY SCHOOLS AND TRACTS.

Inasmuch as the Sunday School is the nursery of the Church we would urge that the thirty-one thousand superintendents of our schools be men of God, and that the three hundred and fifty thousand teachers and officers know Christ and have some knowledge of the Holy Scriptures and would also urge that the Sunday School periodicals of our publishing houses be used in every school.

Inasmuch as the Tract Society furnishes good religious reading at the

rate of sixteen pages for one cent, we would urge our preachers to secure a liberal supply of tracts for distribution as we believe some souls may be reached by this method when all others fail.

N. H. OLIVER,
J. A. CHRISTIAN.

AUDITING COMMITTEE.

The accounts and receipts of the Presiding Elders, Treasurer of Minute Fund, and Conference Treasurer, have been examined and found correct.

HY. H. MCCAIN.

REPORT ON TEMPERANCE.

The Methodist Church has always stood for Temperance and the prohibition of the liquor traffic. We commend total abstinence for all our ministers and people; and pledge ourselves by precept and example to the enactment of prohibitory legislation, and to the every interest of the Temperance cause. We cordially endorse the National Anti Saloon League of America and especially approve of the great work it is now accomplishing in Texas and other states.

WM. B. VAN VALKENBURG, for Committee.

EPWORTH LEAGUE.

Your Committee on Epworth Leagues feel encouraged over the prospect of the work of the Leagues of the Gulf Mission Conference. We find that some of the Leagues are rendering valuable assistance to their pastors and are confident that all the pastors would push this work if they only knew the strength of this department of our Church work. We recommend the organization of an Epworth League wherever possible and that a Sabbath evening service during the year be devoted to the explanations of the League work to the Church and young people.

The Epworth Herald is one of our best papers and we most earnestly recommend that all our pastors secure sample copies and give them to their young people and urge upon them to subscribe.

G. B. HINES,
J. R. BASKET.

EDUCATION.

"Methodism was born in a University," and has always stood for a higher Education both for the pulpit and the pew. One of the first things the "United Societies" did in England was to found schools and before the Methodist Episcopal Church was fairly under way in America, it built Caksbury College. Our fathers also built wisely and well knew that ignorance was not the mother of piety but of superstition and that education was not the mother of atheism but of religion. The great leaders of the Church throughout the ages have been men of training, not always University trained, yet trained. In all walks of life, the demand is today, as never before, for men of training. The world is making rapid strides on intellectual lines and the Church if it would hold its own must likewise advance. Therefore we heartily commend the excellent work for the higher Christian Education which is being accomplished for the Church through the Board of Education. We note with satisfaction the report of special gifts to the Board of Education and unreservedly commend it to the benevolence of our people, particularly those who are able to make larger gifts.

We urge that the Children's Day be observed and a collection taken on every charge. The contributions of our Conference received by the Board for the year were \$50.

The universal cry for trained men is heard in our Conference as well as elsewhere and if we would supply that demand we must help make it possible for our men to get training.

Experience has proven that the most orthodox Methodist preacher is one trained in a Methodist school. Other schools are all right for other people but for the Methodists we must have our Methodist schools. With the coming greatness of this Southland there will also come a flood tide of evil, unless we as a Conference, build up schools within our bounds where our boys and girls may receive a Christian education. If Methodism in this land would flourish, if it would be able to give a reason for the faith that is within it, it must build schools universally.

J. W. TINNIN,
C. C. MORRIS,
B. W. HUGG.

PERIODICALS.

The great Methodist Episcopal Church of which we are a part, is keeping abreast of the times with its publishing houses which have grown to magnificent proportions, and are well worthy of the patronage of every loyal Methodist. All books, papers and Sunday School literature necessary for our advancement in civil and religious living can be found without going outside the pales of the Church. We would therefore urge our people both pastors and laymen to patronize as much as possible our publishing houses. Especially would we insist on our ministers seeing that our Sunday School Literature is used in every school throughout the Conference.

And more especially would we urge our pastors to see that the Central Christian Advocate or some other of our Church Papers are in every Methodist family that they may have a better knowledge of what the Methodist Church is doing for the Salvation of the world and the advancement of Christ's cause and Kingdom.

J. P. ROBIDEAUX,
N. L. SAYERS.

RESOLUTIONS.

Resolved: That we most earnestly thank Bishop W. F. Mallalieu for his patient, uniformly kind and careful oversight both spiritual and administrative during our session, for his heartfelt interest and fair representing of the condition, needs and promises of our work in the Southland and for his clear and kindly decisions on points of law that have come before us during our session.

We shall follow him with our prayers, and we will welcome him among us whenever in the providence of God, he may again be permitted to pay us a visit.

Resolved: That we tender our thanks to the kind people of Port Arthur who have opened their homes to us, and so hospitably cared for us during our stay in their midst. Our prayers shall ascend to the God of all Grace, that He may abundantly supply all their needs, through the riches of His Grace.

Resolved: That our thanks are tendered to the Kansas City Southern railroad for their kindness in offering us a special train and its use to carry us to and from the Oil Refinery.

Resolved: That we also thank the thoughtful citizens in meeting us at the refinery with a boat and carrying us to and from the Jetties and Gulf.

Resolved: That our thanks are tendered to the pastor of our Port

Arthur Church for his earnest efforts to administer to our comfort and pleasure.

Resolved: That we thank the Port Arthur newspapers for accurate and full accounts of our session.

Resolved: That we thank the particular railroads which have given us a reduced rate in traveling to and from the Conference.

***The Leading Photographer
of Southwest Louisiana***

Is Strictly Up-To-Date in all Branches of the Business. We carry a complete line of Rice Views, showing the industry from breaking the sod, disking, drilling, harvesting, threshing, handling and marketing, to milling the cereal. Also canals, deep wells and pumping stations. Correspondence solicited.
